**Rebates under \$200 will be credited to your utility bill.
Rebates over \$200 will be issued a rebate check.**

By participating in the Chaska Rebate Program, you can save energy and earn a rebate when you purchase LED bulbs, fixtures and linear tubes.

What rebate can I earn?

LED Bulbs: The lesser of \$5 or cost of bulb
LED Fixtures: The lesser of \$20 or cost of fixture
LED Linear Tubes: The lesser of \$5 or cost of tube

What does it mean for LED bulbs to be ENERGY STAR Qualified?

- Uses 75% less energy than traditional incandescent lighting
- Lasts at least 6 times longer than traditional incandescent lighting
- Brightness equal to or greater than existing lighting technologies
- Constant light output over time and excellent color quality
- Light comes on instantly and doesn't flicker when dimmed
- Fixture doesn't use power when turned off

NOTE: EnergyStar Rating is NOT required for this rebate.

Which LEDs should I buy to replace my current incandescent bulbs?

To choose the right LED for you, find the light output you need and then choose the bulb with the lowest wattage. The table below shows the LED equivalent of common incandescent bulbs.

Incandescent Bulbs watts	Minimum Light Output lumens	LED watts
40	450	6 to 8
60	800	8 to 12
75	1,100	13 to 15
100	1,600	15 to 18

How Do I Qualify?

1. Residential customers receiving electric service from City of Chaska Electric Department are eligible for a rebate when they purchase LED bulbs, fixtures or linear tubes and install them in a home receiving electric service from that utility.
2. Rebated bulbs is the lesser of \$5 or the cost of the bulb; rebated fixtures is the lesser of \$20 or cost of the fixture; rebated linear tubes is the lesser of \$5 or the cost of the tube; and the total rebate limit is \$350 per year per customer account.
3. Customer must apply for rebate within one year of the purchase date shown on the sales receipt.
4. Rebated bulbs may not be used for resale.

How Do I Qualify? (continued)

5. Rebate applications must include a copy of dated sales receipt specifying quantity and price of each LED. Incomplete rebate applications will not be processed.
6. Rebate requests are processed on a “first-come first-served” basis. Annual rebate funds are limited. Rebate programs, qualifications, and amounts are subject to change at any time. The customer is responsible for checking with City of Chaska Electric Department to determine whether the program is still in effect.
7. A percentage of submitted rebate projects will be spot checked.
8. City of Chaska Electric Department prefers to utilize resources for full year savings opposed to seasonal lighting, so holiday lighting does not qualify for rebates.
9. Qualifying customers must apply for rebate by November 30, 2019.
- 10. Rebates take 6 to 8 weeks for processing.**
- 11. Rebates under \$200 will be credited to your utility bill. Checks will be processed only for rebates over \$200.**
