- (1) Total excludes City Rural rates
- (2) In years 2000 and 2001, the City levied under the Local Transit Option
- (3) The Carver County Rail Authority was added in 2005
- (4) City Rural is not a direct rate for the City of Chaska - In 2006, as part of the annexation of Chaska Township, a rural rate of 50% of the City "urban" rate was established for 10 years for the annexed properties. Once the rural area has been developed, it will be subject to taxation at the higher City "urban" rate.

Note: Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the City. This schedule estimates the portion of outstanding debt of those overlapping governments that is borne by the residents and businesses of the City of Chaska. This process recognizes that, when considering the City's ability to issue and repay long-term debt, the entire debt burden borne by the residents and businesses should be taken into account. However, this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt of each overlapping government.
